

HONORING THE MAN BEHIND MIRACLES

The people behind medical advances can be as extraordinary as the miracles they create. We're privileged to salute Steven T. Rosen, M.D., on his Lifetime Achievement Award from the Chicago chapter of the Israel Cancer Research Fund. Renowned as one of the best doctors in America, his talents and commitment are blazing new paths in research and treatment at City of Hope, where he serves as provost and chief scientific officer and as Irell & Manella Cancer Center Director's Distinguished Chair.

RESEARCH • TREATMENT • CURES

cityofhope.org

City of Hope is a Los Angeles-based independent research and treatment center for cancer, diabetes and other life-threatening diseases. Designated as a comprehensive cancer center, the highest recognition bestowed by the National Cancer Institute, City of Hope's research and treatment protocols advance care throughout the nation. It is ranked as one of "America's Best Hospitals" in cancer by *U.S. News & World Report*.
